2007 Microcuvée | D.O Penedès

Tasting notes

About Parés Baltà Organic & Byodynamic Wines Parés Baltà is a family winery in the Penedès region whose history dates back to 1790. Thanks to the different soil composition and microclimates, the wines have a particular character. The winery has a long tradition improved with innovative ideas to produce organic - biodynamic wines, cava and natural wines. Three generations are presently at work on the estate. The vinification has been entrusted to Maria Elena Jimenez and Marta Casas both exceptional young women who express their talent in the quality of the Parés Baltà wines. These wines not only show character and mastery but also elegance and balance. The vineyards are located over five estates in Penedès, cultivated using sustainable methods in harmony with the environment. Parés Baltà wines and cava are characterized by their outstanding flavour profile
