by Richie Hawtin | Rice Polishing 50%

This is the flagship of the ENTER.Sake line. A rich and fragrant sake with a fruity flavor profile, full-bodied with a dry finish. Produced at The Sekiya Brewery Co. established in 1864, a state-of-the-art brewery located in the Japanese Alps in a valley between Nagoya and Nagano, where an abundance of clean water coming from the mountains makes it ideal for Sake production.
