

GIN SUL FRANÇA

Caminho Do Sul | 2021 Edition

A gin that captures the perfume of Provence's lavender fields. Created in collaboration with experienced perfume distillers from the VALLON DES LAVANDES, the bottle features a design by Hamburg tattoo artist Tobias Tietchen. The 2021 "Caminho do Sul" is a special edition inspired by the aromas of the neighbouring countries of the Mediterranean. "Caminho do Sul" in Portuguese means the "Path of the South". Caminho do Sul França is filled into the typical Gin-Sul clay jugs and is limited to 3,000 numbered bottles.
