

TRAVELER & COMPANY LONDON DRY

GIN

Handmade in Switzerland

Traveller and Company is the project of five adventurers whose friendship and motivation leads them to the creation of an extraordinary Gin, handmade in Switzerland with ingredients from local producers and providers. Produced in small batches by distilling 16 different botanicals including fermented tea, Assam pepper and cinnamon rose petals, at a family-owned traditional craft distillery. Every bottle is handcrafted and numbered.

Tasting notes

Aroma

Floral and woody aromas followed by juniper and citrus.

Taste

Rich with a smooth and velvety texture.
