

FLUÈRE ORIGINAL

Botanical Blend | Non-Alcoholic Distilled Spirit

FLUÈRE Original is a distilled non-alcoholic spirit composed of botanicals, spices and fruits individually distilled through 'hydro steam distillation'. During the process, the steam gently opens up the botanicals and break down cell walls to release aroma and flavours at a very low ABV. Each botanical is distilled separately and blended by master blenders in the Netherlands. Enjoy FLUÈRE with a premium light tonic, ice and a slice of citrus for colour or sprigs of lavender for aroma

Tasting notes

Aroma

Fresh and zesty with herbal notes.

Taste

Balanced taste with a fresh after-bite. Coriander seed and lime peel are complemented by notes of lavender and juniper.
