

## SUPASAWA SERIOUSLY SOUR

### Premium Cocktail Mixer

Supasawa is a ready-to-pour, premium sour mix crafted from distilled water, five different acids, sugar and a pinch of salt. Besides creating well-balanced, clear and tasty cocktails, here are seven more reasons to get Supasawa: • Low beverage cost • Supasawa has a long shelf life; it can be used at least one year after opening. • Pre-batch your cocktails without worrying about lemons/limes going bad. • Stable as its flavour remains unchanged. • Save space & time. • Sustainable by reducing the carbon footprint on transport and landfill waste. • Alcohol-free with a pH level of 1.95.
