

RENEGADE LAKE ANTOINE 2021

Cuvée | Single Farm Rum

Welcome to the Single Farm Cuvée Concept, where inspiration from the world of wines meets rum craftsmanship. This series features the diversity and complexity of terroirs within a single farm. Renegade Rum Lake Antoine Cuvée 2021 is made from pure sugar cane juice from different cane varieties grown on one specific farm and produced at a single distillery. This rum was distilled in Pot and Column Stills, and it matured for 702 days in three types of casks: Virgin US: 50% French Oak: 10% First Fill US: 40%

Lingering, smooth, clean & peppery.

About Renegade Rum Distillery in Grenada Renegade Rum Distillery is an industry-changing project, producing modern masterpieces focused on the cane, terroir and provenance. The terroirs in Grenada are so compact that fourteen farms cover different terroirs, each producing unique flavours. One Farm out of fourteen...

Nestled on the slopes of a dormant crater lake, the Lake Antoine farm embodies a unique terroir and showcases a diverse landscape. Here, every inch of the landscape contributes to the distinct character of the rums. From the marshy, fertile bottom to the steep slopes where the exposed cane braves the elements.
