

RENEGADE NEW BACOLET 2022

Études | Pure Cane Rum | Single Farm Origin

Renegade New Bacolet 2022 is made with fresh juice of Lacombe Red, a variety of sugar cane grown at the New Bacolet Farm, a fertile agricultural land in Grenada surrounded and protected by forest. This pure cane juice rum was distilled in a pot still and aged in a combination of French and American oak casks. Renegade Rums are modern masterpieces focused on one place, one farm, and one variety of sugar cane at a time, designed to bring out the individuality of the terroir, fermentation and distillation. These rums are un-chill-filtered, free of colourants and artificial flavours.

Tasting notes

Color

Vibrant, honeyed gold

Aroma

highly aromatic, notes of mango and sugar cane

Taste

Stunningly deep, dried fruits - think dark raisins & prunes alongside luscious golden sultanas entwining with vibrant cane and the sweet spices of french & american oak

Finish

A long, silky-smooth fading away
