

GOLDWAESCHER PURE RYE WHISKY

Virgin Oak Edition | Swiss Whisky

A Swiss Single Cask whisky made from 100% Malted Rye. 100% Swiss, from the rye malt to the barrel, all ingredients come from domestic production. The rye mash is distilled in one step using a cooper's Hefelibrand Still, this allows to retain the characteristic properties of the raw spirit. The cask plays a decisive role in the flavour development of the spirit, the interaction of distillate and wood shapes the taste over the years. Goldwaescher is exclusively aged in new, burnt-out Swiss Sessile oak casks, the wood brings out spicy accents that blend graciously with the sweetness and sharpness of the raw rye spirit.

Tasting notes

Color

Rye golden

Aroma

Aromas of spicy oak, light dried fruit and beeswax

Taste

The fine sweetness of the rye combined with the wood brings out light roasted aromas and sweet notes of raisins and honey.

Finish

Persistent, spicy, mild pepper note

Many years ago, the gold washers stood in the streams of the region around the Napf. They dug for days until they found gold glittering in their pans. With a lot of patience, local rye was turned into the finest whisky.
