

INICIO TEQUILA AÑEJO

100% Blue Agave

Aged for twenty-two months in French oak barrels, Inicio Añejo is rich with elegant notes of tobacco and butterscotch. A premium tequila, traditionally made from 100% Blue Agave hearts, handpicked and distilled in two passes, to ensure maximal smoothness.

Tasting notes

Color

Dark Gold

Taste

The palate is silky with notes of dark caramel, chocolate, vanilla and freshly ground peppercorns.

About the Inicio Tequila Distillery The family distillery is located about 25 kilometres from the town of Tequila. Due to the climate and soil, the blue agave grows particularly well in this region and produces very distinctive aromas. It takes between 7 and 12 years for the blue agave to reach the required maturity level for harvesting. The hearts of the agave are treated in a double distillation process and the tequila is produced according to the highest standards of quality and under the daily supervision of the Council Regulator of Tequila (CRT). Their vision is to place Tequila in the high-end world of spirits and also to help succeed the families and companies that work with them.
