

## INICIO TEQUILA REPOSADO

### 100% Blue Agave

Inicio Tequila Reposado has an impeccable balance of oak notes and sweet cooked agave, nine months of ageing in French oak barrels gives it great structure and a slightly caramelized taste. All of the Inicio Tequilas are traditionally made from 100% Blue Agave hearts, handpicked and distilled in two passes, to ensure maximal smoothness.

#### **Tasting notes**

##### **Color**

Light amber with golden shades.

##### **Taste**

The palate is very smooth, sweeter than dry with notes of cooked agave and a touch of spice.

About the Inicio Tequila Distillery The family distillery is located about 25 kilometres from the town of Tequila. Due to the climate and soil, the blue agave grows particularly well in this region and produces very distinctive aromas. It takes between 7 and 12 years for the blue agave to reach the required maturity level for harvesting. The hearts of the agave are treated in a double distillation process and the tequila is produced according to the highest standards of quality and under the daily supervision of the Council Regulator of Tequila (CRT). Their vision is to place Tequila in the high-end world of spirits and also to help succeed the families and companies that work with them.
