

WATERFORD BROOMLANDS 1.2

Single Farm Origin | Single Malt Irish Whisky

Broomlands 1.2 was distilled in 2016 from Irish barley grown by Mark Brownie at the Brownes' farmhouse, located in Broomlands. The farm overlooks the Urrin river valley where the Clonroche soil – clay-rich & moisture-retentive – makes a productive terroir. Matured in a spectrum of fresh, super-premium oak: 34% first-fill US oak 18% virgin US oak 28% premium French oak and 20% Vin Doux Naturel – sweet fortified wine casks. This is a limited release of 10000 bottles, filled in September 2020 at 50% ABV without colouring, chill-filtration or any additives.

Tasting notes

Color

Deep gold with oily legs.

Aroma

Sweet toffee, green apples and malted biscuits.

Taste

Dried spices with an oiliness that wraps around the tongue followed by lemon sherbet.

Finish

Dry with a gentle spiciness that lasts.

About the Waterford Distillery BROOMLANDS 1.2 is part of Waterford's Single Farm Origins, a series that showcase barley flavours obtained from individual Irish farms, terroir by terroir, every single malt in its own right. They are expressions of precision and rarity. Yet, gathered together into a Cuvée, layer by layer, these components create a definitive, extremely complex single malt. A whisky full of diversity & character. Made from the world's finest barley 100% Irish grown. Non-chill filtered, free of colouring & additives. Full matured without any finishes. This is the First Terroir-Driven Single Malt Whisky. Terroir is the 3D interaction on a plant of soil, microclimate and site, which influences how the barley grows and thus the flavours contained within the grain. Waterford's ultimate goal is to make the world's most unique, complex and profound spirit. The distillery would only produce limited editions, single malts focused on terroir, transparency and traceability. Every bottle of Waterford whisky features its own TÉIREOIR code, which reveals engaging content related to the release, distillation process & the full spectrum of wood. To discover the provenance enter the TÉIREOIR code on Wareford's website.
