

BENRIACH 2013 / 7 YEARS OLD

WITL | Single Malt Whisky | Single Cask #121A

The first WITL edition where the alcohol content has been tamed to 46%, offering a more accessible experience to all whiskey lovers. Non-chill filtered, free of colouring. Only 534 bottles had been released worldwide. Peated Speyside Single Malt are not classic and yet Benriach has always known how to use its kilns malt to produce a slightly peated malt. The result is subtle and fully incorporated into the whiskey. This whisky was aged for 7 years in casks that previously contained Banyuls, a fortified French red wine and an experience in itself, known for its full-bodied exquisite aromas of cooked fruit, prunes, and cocoa.

Tasting notes

Color

Dark Amber

Aroma

Slightly smoky with floral and citrus notes.

Taste

Medium-bodied palate. Honeydew, green apples & prunes balanced by subtle tannic notes.

Finish

Long, sweet, savoury and earthy.

Whisky Is The Limit (WITL) Whisky Is The Limit is an independent bottler from Switzerland that specializes in small casks bottlings. From the Producer "New adventures and a new identity. It was only after years in the world of whisky that the project of independent bottling came into being. It is the result of years of meetings and tastings that allowed me to continue this new activity. Selecting the casks that represent my world and my vision of whisky is an exciting but difficult task."
