

NIKKA YOICHI 12 YEARS OLD

Single Malt Japanese Whisky

The Yoichi distillery produces rich, peaty and bold malts. Getting its distinct aroma and body directly from heating distillation, in which the pot stills are heated with fine powdered natural coal a traditional method that is hardly ever used today.

Tasting notes

Taste

Medium body. Sweet with floral and peaty notes.

About the Yoichi Distillery Founded in 1934 by Masataka Taketsuru, a Japanese businessman who travelled to Scotland to study Chemistry and had the opportunity to learn the art of Master blending, becoming the first Japanese to produce whisky at the time. The Yoichi distillery produces rich, peaty and bold malts. Getting its distinct aroma and body directly from heating distillation, in which the pot stills are heated with fine powdered natural coal according to traditional methods.
