

MACALLAN LONDON EDITION

Distill Your World Series | El Celler de Can Roca

In 2020 The Macallan released an extraordinary bottling in the Distill Your World Collection: The London Edition, a single malt drawn from six First Fill European Oak Oloroso Casks. This exclusive bottling is part of a collection that showcases how the distillery takes inspiration from global exploration. Together with the Roca brothers, Macallan delves into the various aspects of iconic cities, including their people, history, and experiences. The whisky is elegantly presented in a white case adorned with a map of London. The bottle embodies the spirit of the city. Encircling it is a unique three-dimensional map of London, with red accents reminiscent of the historic brickwork of its houses. This exclusive edition is limited to just 2000 bottles worldwide.

Tasting notes

Taste

Orange caramel, curry spice and Earl Grey tea.
