

MACALLAN INTENSE ARABICA

Harmony Collection II | Single Malt Whisky 2022

Intense Arabica is the second release of the limited edition series Macallan Harmony Collection. The Harmony II Collection "Celebrating the World of Coffee" is inspired by the Ethiopian Arabica bean, claimed to be one of the first species of coffee to be cultivated. This time, Macallan Whisky Maker Steven Bremner, together with Masters from the world of coffee, share their knowledge and creativity to create a sensory journey through flavour and aroma. "Inspired by Intense Arabica" was matured in sherry-seasoned oak casks, and its colour derives naturally from the ageing process. The Macallan Harmony II Collection "Celebrating the World of Coffee" is presented in a 100% recyclable gift box made from discarded coffee bean husks. The sustainable packaging includes the front, back and shoulder labels as well as the box ribbon.

Tasting notes

Taste

Espresso, dark chocolate, raisins, tiramisu, blackberry, vanilla, Brazil nut, sweet oak. About the Macallan Harmony Collection The Macallan Harmony Collection is a limited annual release that explores the world of sustainability by uniting innovative techniques with materials from the natural world to see them reborn with a renewed purpose. Inspired by the distillery's deep connection with the beautiful nature surrounding The Macallan Estate, which has been at the center of the brand for nearly 200 years. This sustainability mindset is a bond of trust and a force that connects citizens through a deep level of shared purpose.
